

August 5, 1932.

Mr. James I. Gurr,
% Dry Gulch Irrigation Company,
Roosevelt, Utah.

Dear Sir:

RE: SAND WASH DIST.

I am in receipt of a request by the Dry Gulch Irrigation Company and the Sand Wash Irrigation Company for your appointment as water commissioner on Sand Wash.

I cannot make a legal appointment of a water commissioner without carrying out the legal requirements of consultation with the water users. I am, however, appointing you herewith as my field representative on Sand Wash to distribute the waters thereof in accordance with the rights.

It is understood that this appointment is made on the basis of a letter of August 2, 1932, to which you agree.

Yours very truly,

State Engineer.
